

Did you know?
In Australia,

70%

Of employers are unsure if
their payroll is compliant!

Need a Payroll Health Check? Start with Our Payroll Compliance Review.

From just \$800+GST, our Payroll Compliance Review offers a proactive, low-cost way to **assess your payroll governance, reduce compliance risk**, and determine if your systems are real-time payroll audit ready – especially with new wage theft legislation coming into effect.

take a closer look ...

The Payroll Compliance Review:

Your Blueprint for Proactive Payroll Management

A structured half-day health check of your payroll systems, processes, and controls designed to reveal key risks, strengths, and improvement areas using our proven compliance framework.

What's included:

-  **Half-Day Review:** On-site or virtual session with your payroll, HR, and finance team
-  **Software Scan:** Evaluation of your current payroll and time-tracking platforms
-  **Compliance Report:** Tailored report aligned to our Five Pillars of Payroll Compliance
-  **Actionable Insights:** Clear, non-binding recommendations to strengthen your compliance

Key outcomes:

-  **Efficient:** Focused time with your team - to valuable payroll assessment
-  **Identification:** Highlights risks, gaps and strengths in your payroll systems
-  **Improvements:** Guidance on your best-fit payroll & time-tracking software
-  **Future-ready:** Provides guidance to become Real-Time Audit Ready

Our review focuses on our **Five Pillars of Payroll Compliance Framework:**

People:

Assess if staff are empowered with the skills, training, and accountability to manage payroll.

Process:

Focuses on the clarity, consistency, and documentation of payroll workflows.

Systems:

Evaluates the suitability of tech that supports automation, security, and accuracy.

Compliance:

Examines alignment with legislative, regulatory, and industrial relations requirements.

Culture:

Reviews how payroll is embedded into the organisation's values, decision-making, and leadership.
