The Future of Payroll is Here:

Real-Time Payroll Audits before Every Pay Run

New wage theft laws from January 2025 mean payroll mistakes could carry serious consequences – including criminal liability. Our **Real-Time Payroll Audits** catch errors before they happen, ensuring every pay run is compliant, accurate, and secure.

Don't fix payroll errors, prevent them in real-time:

- ✓ **Prevent wage theft**
- ✓ **Automated error checks**
- ✓ **Complete peace of mind**

Beyond Compliance:
Achieve Payroll Perfection with Real-Time Auditing

Traditional payroll audits happen after the fact – when it's too late to prevent mistakes. Our **real-time audit solution** flips the model: detecting errors before money hits employee accounts.

No more backpay, no more Fair Work complaints, no more risk.

What does a Real-Time Payroll Audit do?

- **Continuous Monitoring:** Constant checks before each pay run
- **Immediate Feedback:** Fix issues before money leaves your account
- **Seamless Integration:** Connects to leading payroll & timesheet systems
- **Automated Checks:** Validates rates, hours, entitlements, and compliance
- **Granular Detail:** Analyses every individual payslip

Why Real-Time Payroll Audits?

- **Error Prevention:** Catch mistakes before pay runs are finalised
- **Cost & Time Savings:** Avoid backpay, penalties, and manual rework
- **Compliance Confidence:** Stay ahead of evolving payroll legislation
- **Stronger Staff Trust:** Accurate, on-time pay builds morale and culture
- **Always Audit-Ready:** Be prepared for audits with real-time accuracy
